

## Atlas Capital & Climate Tech Coalition Overview

**Founder:** Ms. Kookai Chaimahawong serves as a Partner at Atlas Capital and is the Founder of the Southeast Asia Climate Tech Coalition. ([PITCHBOOK.COM](https://pitchbook.com))

**Founding Year:** 2020

**Mission:** Atlas Capital is Southeast Asia's first venture capital fund entirely dedicated to investing in climate startups. They focus on rapidly scalable businesses that combine financial returns with measurable CO2 reductions, aiming to build climate-resilient cities.

### Key Initiatives:

- **Climate Tech Coalition:** A movement comprising over 1,300 members across 10 countries, committed to identifying, financing, and deploying climate innovations in the Southeast Asia-Pacific region.
- **Climate Tech Day:** An annual conference featuring over 20 speakers and 200 attendees, fostering collaboration between entrepreneurs, investors, and corporations.
- **Monthly Pitch Nights:** Events where climate tech founders present innovations to potential investors, facilitating funding and partnership opportunities.

### Financial Data:

- **Transactions Facilitated:** \$75 million in the climate tech mitigation and adaptation space since 2021.
- **Portfolio Performance:** 11x returns versus the stock market, based on portfolio unrealized performances as of the first half of 2024.
